

Asian Federation of
Foot and Ankle Surgeons
Established in 1993

Singapore Orthopaedic Association
Orthopaedic Foot & Ankle
Society of Singapore

The Asian Federation of Foot and Ankle Surgeons (AFFAS) would like to invite orthopaedic surgeons from the AFFAS and the National Orthopaedic Societies affiliated to the AFFAS to attend this webinar.

Progressive Collapsing Foot Deformity

Since 2020, a consensus was reached to rename adult acquired flatfoot deformity (AFFD) or posterior tibial tendon dysfunction (PTTD) to progressive collapsing foot deformity (PCFD). The aim of the new classification system was to diagnose the anatomic pathology more accurately and with the ultimate goal of planning treatment more appropriately. This Webinar will take the audience through the different stages of the disease with the different classification systems and discuss the surgical management strategies.

12th February 2022, Saturday

1130 IN | 1300 TH | 1400 SG/CN/MY | 1500 JP/KR

Time	Topic	Speaker
2.00-2.05pm	Introduction	Dr Ooi Lai Hock, Chairman and Moderator
2.05-2.30pm	Stage 1 PTTD/Flexible PCFD	Dr Chong Keen Wai
2.30-2.55pm	Stage 2 PTTD/ Flexible PCFD	Dr K Kannan
2.55-3.20pm	Stage 3 PTTD/Rigid PCFD	Dr Nicholas Yeo
3.20-3.45pm	Stage 4 PTTD/Rigid PCFD	Dr Mohd Farhan
3.45-4.00pm	Questions and Answers	Faculty
4.00pm	Closing Remarks	Dr Ooi Lai Hock
